

Yan Simon

Emerging pop artist and singer-songwriter Yan Simon creates music for the theatrical and unapologetic. With a background in musical theatre and classical piano, Yan's mission is to create meaningful pop that is infused with passion. Yan's dramatic piano performances and theatrical stage presence have been compared to Freddie Mercury, George Michael, and Elton John.

Since 2020 Yan Simon has performed his original music all over Toronto, in festivals such as the TuneIn Fest, has headlined Pride Celebrations at the NYGH, and has been selected as a 2023 Emerging Artist at the Canadian Musicians Co-op.
